Mr. Carl E. Duckett

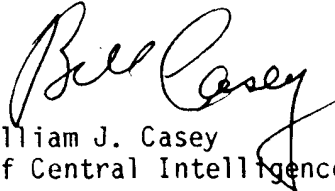

Dear Carl:

I am very sorry that you did not make it to the 18 August commemoration activities. I understand that you were advised of the event by phone on 1 August and by Jim Hirsch during your visit with him on 7 August. Written invitations went out the first week of August -- I don't know why yours arrived so late. We certainly would have welcomed you, R.S.V.P. or not, and regret very much that you were not present. Please accept my apologies for the late receipt of your written invitation.

We all very much appreciate your significant contributions to this Agency and your continued support. Wishing you well in the days ahead.

Yours,

  
William J. Casey  
Director of Central Intelligence
